

Registered Nurse/Midwife

CRP Clinic - Bramshott House, 137-139 High Street, Epsom, KT19 8EH

www.miscarriageclinic.co.uk

Salary- Competitive

Band 6

Part-time or full time hours available/job share will be considered.

If you want to work in a forward thinking and developing organisation this is the job for you. We are located in Epsom in a privately run clinic, specialising in preconception care, recurrent miscarriage and reproductive immunology. We have an international reputation of proven success in helping women conceive and carry their baby to full term.

We have an excellent opportunity for a Registered Nurse or Midwife to be part of a small team led by a consultant obstetrician. As the successful candidate you would be responsible for supporting and advising women on their bespoke treatment programme aimed at women that have suffered recurrent miscarriage. Other areas of the role include:

- Handling sensitive information via telephone or email
- Give clinical advice to patients throughout their journey with us
- Work well within a team but also have the ability to work independently with accountability as per NMC guidance
- Support and guide junior staff
- Maintain & provide high standards of care
- Have excellent organisational skills
- Communicate effectively at all levels within the multi-disciplinary team
- Initiate improvements and developments in clinical issues and delivery of care
- Contributing to the ongoing research based care and other practice development initiatives
- Lead on and assist with the audit process whilst developing report writing skills

CANDIDATE: Experience essential in Phlebotomy and Cannulation. Must hold an IV Certificate for the safe administration of Intravenous Infusions.

- Registered General Nurse/Midwife with NMC pin
- Motivated and forward thinking individual with excellent communication skills
- Good time management and prioritisation skills

You will be provided with the opportunity to develop your knowledge of the service by observational role and adequate induction. You will be expected to uphold the standards

Centre for Reproductive Immunology and Pregnancy
CRP Clinic

set by the clinic and its reputation. In return we are committed in helping you achieve this by providing appraisals, annual training / development opportunities.

If you are interested please email the practice manager Mairead Faughnan:
